2026 Election Cycle - Vetting

Dear Representative Sassmann,

I hope this letter finds you well.

As Chair of the Osage County Republican Central Committee, I wanted to reach out regarding the 2026 election cycle. Our committee is once again conducting vetting for Republican candidates and officials to affirm alignment with conservative principles and the Missouri Republican Platform.

We would be honored to have you participate in the process this year. As you know, it's entirely optional for state-level offices, and we value your representation of Osage County. Details are included in the enclosed vetting form.

Lincoln Day has been scheduled for April 30, 2026, and we hope you will be vetted by that time so you can join us and speak during the candidate presentations part of the event.

Thank you for your service to our district and the state. Please feel free to contact me or Craig with any questions—we're here to support strong Republican leadership.

Sincerely,

/s/ Linda Rantz

Linda Rantz, Chair
Osage County Republican Central Committee
