Subject: \$100 Campaign Contribution from OCRC

John Grady

Dear John:

One of the core purposes of the Osage County Republican Committee is to recruit strong conservative candidates to run for office and to support Republicans as allowed under Missouri law.

Now that you have filed your candidacy for State Representative 61st District, I'm pleased to enclose a \$100 contribution from OCRC to your 2026 campaign. We hope this small amount helps ease some of the costs of running and lets you focus on connecting with voters across Osage County.

As we did in 2024, our committee office space in Linn will be available to store campaign materials for Republican candidates. The office is not staffed full-time, but we'll announce a schedule later this Spring when Osage County voters can stop by to pick up materials for the candidates they support. If having your yard signs, brochures, or other items available there would be helpful to your campaign, just let me know — we'll be happy to coordinate a time for you to drop them off.

We wish you the very best in your campaign and appreciate your willingness to serve our community.

Sincerely,

/s/ Craig Rantz
